Lumen maintenance for US LED lighting products approach or exceed 200,000 Hours (L70).

**Backed By  
Ten-Year  
Warranty**

Peace of mind knowing you'll have greater safety, less hassle, and lower expenses long term.

**Products  
Assembled  
In The USA**

Much of the US LED lighting product line is assembled right here in Houston, Texas.

# FAST TRACK

## How Does The Program Work?

### Visit The Fast Track Page On The US LED Website

Download the list of Fast Track in-stock inventory that's available to ship now. Then submit a pricing request using the form on the [Fast Track web page](#) indicating your desired delivery date or call Customer Service at 866-972-9191 to reference Fast Track. Please indicate if you have a special pricing requests or shipping instructions. If you have special opportunity needs or have additional questions, please contact us directly.

### Get A Quote and Confirm Shipping Date

Our Customer Service team will follow-up with your quote and will confirm the date the order can ship once approved. Fast Track Program orders are shipped to best accommodate the requested delivery date. Products listed in stock will ship immediately and products made to order are subject to short lead times.
